Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
A+	Outstanding	10
A	Excellent	9
B	Very Good	8
C	Below Average	6
D	Marginal	4
E	Very Poor	0

A student who earns an E Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \sum C_i G_i / C_i$$

C_i denotes the credits assigned to i th course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i th course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.00

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
A+	Outstanding	10
A	Excellent	9
B	Very Good	8
C	Below Average	6
D	Marginal	4
E	Very Poor	0

A student who earns an E Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \sum C_i G_i / C_i$$

C_i denotes the credits assigned to i th course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i th course.

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
A+	Outstanding	10
A	Excellent	9
B	Very Good	8
C	Below Average	6
D	Marginal	4
E	Very Poor	0

A student who earns an E Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \sum C_i G_i / C_i$$

C_i denotes the credits assigned to i th course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i th course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.00
