Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
A+	Outstanding	10
A	Excellent	9
B	Very Good	8
C	Below Average	6
D	Marginal	4
E	Very Poor	0

A student who earns an E Grade in a course shall have to re- appear in that course in the subsequent examination(s).

Cummulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \sum C_i G_i / C_i$$

C_i denotes the credits assigned to ith course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the ith course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.00

Cummulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \sum C_i G_i / C_i$$

C_i denotes the credits assigned to ith course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the ith course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.00

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
A+	Outstanding	10
A	Excellent	9
B	Very Good	8
C	Below Average	6
D	Marginal	4
E	Very Poor	0

A student who earns an E Grade in a course shall have to re- appear in that course in the subsequent examination(s).

Cummulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \sum C_i G_i / C_i$$

C_i denotes the credits assigned to ith course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the ith course.

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
A+	Outstanding	10
A	Excellent	9
B	Very Good	8
C	Below Average	6
D	Marginal	4
E	Very Poor	0

A student who earns an E Grade in a course shall have to re- appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \sum C_i G_i / C_i$$

C_i denotes the credits assigned to i th course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i th course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.00
